THE ENGLISH TAPWARE COMPANY

Original design. Superior craftsmanship. Enduring quality.

Mayan Taps

The Mayan Collection

Perrin & Rowe traditional tapware combines beautiful styling and engineering excellence. A team of specialist designers are dedicated to perfecting the design of every tap fixture. At a glance, these brass taps emanate quality while closer inspection reveals the incredible attention to detail and precision engineering of every component.

The simplicity of a balanced pair of Mayan taps is timeless. The Mayans are perfect for the cottage kitchen, laundry or beach house.

White porcelain levers can be upgraded to black porcelain or metal levers to match your tap finish.

All Perrin & Rowe Mayan taps feature excellent quarter-turn, German-made ceramic disc valves for many years of accurate and effortless use. They are a great option in kitchens, bathrooms and laundries and suitable for homes with unequal water pressure.

Finishes & handle options

Perrin & Rowe offers Australian designers and home owners a wide selection of premium quality finishes. The traditional kitchen tap collections are available in Chrome, Nickel, Pewter, Gold, and English Bronze finishes. Taps in satin or polished uncoated bare brass are also available by special order.

Chrome: A shiny finish with a hint of blue for a classical or contemporary feel.

English Bronze: A satin, rich chocolate brown finish for a bold, distinctive look.

Nickel: A shiny finish with a golden glow. If left, Nickel will develop an aged patina similar to silverware, with the occasional polish restoring its original gleam.

Satin brass: This is uncoated bare brass brushed for a satin look.

Polished brass: This is uncoated bare brass in its natural form.

Pewter: A satin (brushed) Nickel finish which is the perfect complement to stainless steel sinks and appliances.

Black porcelain levers:
