FEEL AT HOME OUTDOORS

A BEAUTIFUL, INVITING FOCUS FOR SUMMER ENTERTAINING

Welcome to Morsø Forno - and welcome to the special feeling, wonder and freedom of outdoor living. The Morsø Forno cast iron outdoor oven makes you feel entirely at home with the art of outdoor cooking. The flames crackle, as the Forno emanates a decadent warmth and a delicious aroma that only a real wood fire can bring.

MORSØ KAMINO

FOR YOU AND YOUR FAMILY - THE WHOLE YEAR ROUND

At Morsø we love fire. We love the natural sense of togetherness that always develops around the enticing, dancing flames.

The Morsø Kamino is a beautifully crafted, outdoor fire, reminiscent of an upturned champagne flute.

Its elegant art form is shaped from cast iron which will bring warmth and ambience to your outdoor entertainment space.

MORSØ IGNIS

Cast-iron firepit with base grille.

A stylish way to keep your outdoor space warm, the Morsø Ignis promotes comfort and enjoyment.

MORSØ COOKWARE - THE NEW BLACK FOR OVER 160 YEARS

Cast iron absorbs and uniformly transfers heat, ensuring food is consistently, perfectly cooked. The Morsø Cocotte can be used on all wood, gas, electric ovens and hobs.

The cast iron surface is seasoned over time and gets better with every use.

The Morsø '14 range is made from cast iron, making it durable and easy to clean. The Morsø SPICE' 14 is your modern day mortar and pestle that can be used to grind, serve and store your condiments. The MILL '14 is a beautifully designed, high quality grinder for your salt, pepper and dried spices.
